

POWERFUL

CARE Hospitals

SERVING WITH DEDICATION

Following an undeterred path of care for humanity and in turn transforming the healthcare sector, CARE Hospitals, renowned as the fifth-largest chain of hospitals in India, has established itself as a name to be reckoned with in the medical sector.

It is a fact widely known that dedicated care leads to an early recovery. With the sole motive of serving the humanity, CARE Hospitals is devotedly treating its patients for more than a decade. With 14

hospitals serving 6 cities across 5 States of India, the CARE Hospitals Group is a multispecialty healthcare provider and the regional leader in tertiary care in South and Central India. Ranked among the top five pan-India hospital chains, CARE Hospitals deliver comprehensive care in more than 30 specialties in tertiary care settings. Adopting a service-oriented delivery model, CARE Hospitals provide cost-effective medical care, with an uncompromising commitment to its core purpose, 'To provide care that people trust,' and is constantly setting new benchmarks of excellence in the medical field.

INNOVATING PAR EXCELLENCE

Realizing the importance of an indigenously made stent, to cater to the growing number of heart patients in India, Dr B Soma Raju and a team of India's leading cardiologists – the CARE Hospitals' founders – developed Asia's first indigenous coronary stent – the 'Kalam-Raju stent,' named after Dr APJ Abdul Kalam, former President of India, and Dr B Soma Raju, Chairman

and Managing Director, CARE Hospitals Group.

Owned and managed by Quality CARE India Ltd., the CARE Hospitals Group comprises 14 multi-super specialty hospitals dedicated to comprehensive patient-focused care, with state-of-the-art infrastructure, medical equipment and facilities, complemented by globally trained and experienced doctors and professional support staff, who are available round the clock. It is recognized as the most advanced & complete cardiac care centre in the country, powered by cross-functional teams with deeper skill sets and round-the-clock availability of cardiologists, cardiac surgeons, and critical care & emergency medicine specialists.

BASKING UNDER THE UMBRELLA OF POSSIBILITIES

CARE Hospitals is a complete healthcare ecosystem, giving equal importance to education & training and research, simultaneously innovating to make healthcare more affordable. As a partner, in the capacity of CARE (Cardiac Research & Education) Foundation, to a network of telemedicine hubs in rural Andhra Pradesh and Maharashtra, managing their activities, it delivers care at the doorstep to lakhs of people.

CARE Hospitals have continually updated medical knowledge and put it into

practice, effectively taking innovations from the bench to the bedside. Under its rigorous Clinical Research program (certified by the Drugs Controller General of India) with advanced infrastructure and trained resources, it has conducted clinical trials in the areas of drug and medical device development. Further, it conducts pioneering original research and sponsored clinical trials at several hospitals, and at any given time over 40 studies are under way. The CARE Institute of Health Sciences (CIHS) is an endeavor by the CARE Hospitals Group founders to consolidate all its healthcare and skill-building initiatives. In order to provide comprehensive education and training in healthcare, the CIHS will operate across the pyramid of healthcare education, i.e., medical colleges, nursing colleges, physiotherapy colleges, skill development centers, as well as re-skilling and up-skilling centers, pan-India.
