CUREWELL THERAPIES

THE WELLNESS SANCTUARY

Originating in India some 5000 years ago, Ayurveda, the science of life and longevity, is the oldest healthcare system in the world and combines the profound thoughts of medicine and philosophy. Since ancient times it has been associated with the wholesome physical, mental and spiritual growth of humanity around the world as this completely natural system focuses on striking a balance between the body's humors – vata, pitta & kapha – to achieve wellness.

Associated with Ayurveda from a young age of 18 years when he used to assist his doctor father, Dr Sudhir Bhola is an Ayurvedic medical practitioner and specializes in Sexology, Skin and Hair Diseases. Having earned his reputed MD degree in Alternative Medicine in 2011 from the University of Complementary Medicine & a vast experience of three decades, Dr Bhola established Curewell Therapies in the year 2013 and has served as the Head of the institution since then, where he has been curing patients not only from India but globally. His patients from all over the world have been satisfied with his treatment, as he not only prescribes medicines but also treats them by advising healthy lifestyle techniques and natural plant-based roots and herbs.

Conveniently providing all the health and wellness needs under a single roof, Curewell Therapies offers varied services like weight loss programs, skin treatments and hair treatments, which are scientifically based and developed by a team of health professionals,

including medical doctors, naturopaths & nutritional consultants. Thus, its programs are safe and proven and are designed to deliver fast and effective results with the primary goal of providing the clients with a successful path that will lead them towards a healthy life.

HOLISTIC & CUSTOMIZED TREATMENTS

Working on the principles of Ayurveda that aims at holistic healing and has gained popularity because of its ability to treat several ailments without side effects, Curewell Therapies offers customized treatments to its clients according to their body types, humors and individualized requirements.

Being well aware of the fact that

and no artificial supplements or crash diets as these are not only harmful for the body but are also not able to achieve the desired results in specific areas like tummy, thighs, arms, calves, sides or back and hips.

It also provides natural and herbal, advanced treatments for sexual disorders and infertility in men & women and cogent treatments for various other diseases.

every individual has his own set of qualities, different people have different metabolism rates and health needs, and everyone cannot be treated in the same manner, the institute stresses upon understanding the client's body-type and then providing the best solutions to get the desired results. For instance, in weight loss cases, Curewell Therapies doesn't promote any detox diets or puts the client on starvation for the whole day; instead its latest technology helps to achieve the goals with minimum efforts

THE MAGNANIMOUS MISSION

Under Dr Bhola's exemplary guidance, Curewell Therapies nurtures altruistic values, organizes medical camps, and endeavors to aid the society in every possible way. The remarkable fact about the institute is that it was offering free consultation to its patients until the year 2015 and was charging only medicinal expenses from them. Even today, Curewell Therapies charges a nominal fee which is affordable by almost everybody.
