

VASAL EDUCATIONAL SOCIETY

ENLIGHTENING MINDS, EMPOWERING FUTURE

Nurturing a vision to establish world class schools with a focus on providing exceptionally valuable & enduring education, Vasal Educational Society (VES) is efficaciously working for the holistic development of the students. Vehemently promoting the key parameters of personal growth, intellectual integrity, global sensitivity, local engagement & civic values, the Society encourages the inculcation of these virtues in all the students of its schools. Through its schools, the Society seeks to nurture & curate young minds through experiential learning, to mentor them to become self-directed, global leaders.

STEADY ROAD TO SUCCESS

Initiating its journey in 2006 with Cambridge International School in Dasuya, Vasal Educational Society has established itself as the most preferred educational brand in the region. The next milestone being the GEMS Cambridge International School, Hoshiarpur which emerged as a leading school in the region within three years. Setting international benchmarks of infrastructural excellence, the Society laid the foundation of IVY World School at Jalandhar, in 2012. In a nutshell, the society's growth demonstrates its tremendous passion for enduring and high quality school education. Under the quintessential

leadership of Chairman Mr. Sanjeev Kumar Vasal, the society started Ileague Education Private Limited in 2012. The firm is efficiently managing three schools – Ivy World Play School, Jalandhar, Cambridge International School, Phagwara and Ivy KindersEducare – which are consistently reaching the zeniths of success.

ENABLING ENVIRONMENT, FACILITATING LEARNING

The Society's schools have lavish campuses designed to develop the cognitive & motor skills of the children through meaningful academics, & purposeful & enjoyable co-curricular activities. Bringing years of learning, innovation

& integrity into the design of curriculum, learning spaces & generating varied opportunities for every child, the Society attempts to build an ever evolving education that maximizes the individual capabilities to meet the challenges of higher education, work & life by providing an environment conducive to learning. It is bent on promoting creativity and wishes to shape students effectively so that will be able to become the thinkers and leaders of the 21st century.
