

# BRAINWARE UNIVERSITY

## NURTURING WITH HOLISTIC EDUCATION

*Brainware University is a premiere university with ultramodern infrastructure offering specialized courses in bachelors and masters in engineering, science, commerce, management, computers and pharmacy, masters and PhD in arts along with Diploma courses in a range of subjects*

**R**endering a wholesome learning experience to its students, Brainware University accommodates over 90 teaching staff members comprising eminent research scholars and academicians in their respective fields and offers state-of-the-art student-centralized service in terms of accommodation, social space, and other relevant facilities. The University provides latest teaching equipment and modern laboratory infrastructure including multimedia lab, electronics lab, computer lab, pharmaceutical lab, a well-stocked central library, tutorial, career development centre, counselling and several other opportunities to facilitate its students, claiming a cent-per cent student pass rate. The University and the degrees awarded by it are recognized by the UGC. The B.Pharm. and D.Pharm. courses offered by the University are approved by the Pharmacy Council of India (PCI).

### MORAL AND ACADEMIC ENRICHMENT

Having established in 2016 in West Bengal, the university is highly acclaimed

for delivering quality education through interactive learning and extra-curricular activities in its endeavours to nurture future scholars and professionals, and enable them to meet the challenges of a fast-transforming world. The fully equipped library houses audios/videos, CD-ROMS, WEB-OPAC (online public access catalogue) and about 7500 books, a variety of national and international journals, national programme on technology-enhanced learning (NPTEL), magazines, project reports, government reports, subject dictionaries, fiction and non-fiction books, biographies, career guide books, ready references and previous years' question papers in both printed and digital versions.

### LEVERAGING CORPORATE NETWORKS

The University has a robust training, placement and employability development structure in place comprising a devoted team of experienced cross-functional experts including corporate relation managers, student mentors, university professors, industry consultants, HR specialists, communication trainers,

employability enhancement trainers and soft skills experts to help the students in getting them the best suitable employment and groom them for a successful, scalable and sustainable professional future.

The placement cell with a pan-India network of employers organises competency-building activities with the objective of developing the students' general, employable and transferable competencies, subject-matter knowledge, skills and expertise, and helping them build their inbuilt strengths and detect & control their deficiencies to improve their overall personality traits and employability quotient.

### CONTRIBUTION TO THE GREEN INITIATIVE

As a part of Unnat Bharat Abhiyan Green Initiative of the Government of India, the university stresses on its manpower and students to plant more and more trees and its staff uses carpool services to minimize air pollution. The university emphasizes on making its campus a no-smoking and plastic-free zone with well-ventilated labs and classrooms.
