

NARAYANA GROUP OF EDUCATIONAL INSTITUTIONS

NURTURING TALENT WITH ACADEMIC BRILLIANCE

The Narayana Group is renowned as one of the foremost educational conglomerates in Asia inspiring its students to make optimum use of a facilitative campus infrastructure, learning environment and integrated technology, and evolving them as assets for the nation and humanity

Having ventured into the educational domain in 1979, setting up new milestones in academic excellence, the Narayana Group has stretched its footprints across 13 states in India, accommodating over 30,000 teaching and non-teaching staff and providing world-class education to about 4 lakh students helping them to achieve great success in national and international educational competitions and bring reputation to the university and the nation. The Narayana Group accommodates a competitive academia with 200 schools, 400 junior colleges and 25 colleges of professional education and runs full-fledged institutes and coaching centres imparting quality training on civil services and correspondence to address the professional objectives of job-oriented students.

PROMOTING INTUITIVE LEARNING WITH COMPREHENSIVE EDUCATION

The Group excels in defining new benchmarks in academic field, imparting its students the best all-inclusive learning

atmosphere that helps them achieve great success in securing top ranks in national and international competitive examinations. The Group makes sincere efforts in consistently reinventing itself with the ultimate objective of instilling strong educational values and inculcating the best personality traits in every student. The Group helps them in developing an instinctive tendency to grasp academic fundamentals, master them and apply them judiciously with a meticulous approach to solve complex problems.

Adopting a student-centric approach, the Group focuses on different age groups, nurturing them across four schooling levels - kindergarten, primary, secondary and specialized Olympiad secondary schools, facilitating them with the perfect learning environment for developing the intellectual, social and physical dimensions of their personality. The highly experienced faculty combines strong fundamental knowledge and critical thinking in smart classrooms and hone students' skills in using both theoretical and practical approach, thus, imparting effective education.

The Group offers a hands-on experience to its students enrolled in bachelors' and masters' degree programmes of medicine, engineering and management, with highly skilled faculty, and ultramodern laboratories and libraries to help them establish effectively in an entrepreneurial or professional role.

BLENDING TECHNOLOGY WITH INTENSIVE TRAINING

The Group is renowned for offering the best IAS/IPS coaching in India and employs modern technology, conducts module-based classes based on new UPSC pattern, provides spacious AC cubical library with best reference books and class rooms with LCD projectors and digital boards, facilitates internet Wi-Fi facility helpful in learning, discussion with eminent personalities through virtual classroom and 24/7 study room (AC) facility with subject experts monitoring, group discussion, analysis and feedback sessions, holding students' interaction with senior civil servants who deliver lectures on topics of current relevance and weekly test followed by detailed discussion.
