# SUNSHINE Hospitals

## BURGEONING ON THE BEDROCK OF COMPASSION

Spreading bright sunshine in the darkened lives of the patients, Sunshine Hospitals has been serving humanity since 2009 and has attained the stature of the second-largest Joint Replacement Centre in South East Asia, giving succor to patients from as far as Canada, Nigeria, Sri Lanka, Bangladesh and Iran. Under the quintessential leadership of its Managing Director Dr A V Gurava Reddy, the group has been setting new

benchmarks of excellence in the medical sector. In its perpetual bid to create a world-class medical facility where patients are treated with compassion, Sunshine Hospitals is incessantly offering qualitative and comprehensive services in a patient-friendly environment focused on clinical excellence, safety, dignity and transparency, while staying affordable and accessible to every patient in need.

## EXPEDITING RECOVERY THROUGH EXCELLENT INFRASTRUCTURE

A state-of-the-art technologically advanced infrastructure facilitates treatment and leads to early recovery. In keeping with its 'patient first' approach to healthcare delivery, Sunshine Hospitals has allocated 40 beds for critical care and 20 for trauma care and maintains a 1:1 nurse-to-patient ratio in critical areas. Its 100-plus members' strong team of doctors – surgeons, physicians and specialists is hailed for their expertise and international experience. Above all, the staff at Sunshine Hospitals lives by the values of compassion, teamwork and transparency and follows a process-driven approach.

The state-of-the-art orthopedic and joint replacement facility at Sunshine Hospitals is world-reputed and famous for keeping abreast with a blend of latest upgradations of clinical acumen and technological advancements. Providing the best support to the operating surgeons, the sprawling operation theatres are built incorporating the latest design and technological advances & facilities while the newly built large surgical suites finely accommodate video and fiber-optic technology. The clinical research activities, international symposia, CME programs and workshops conducted by Sunshine Hospitals enable it to reiterate its stand globally.

## PERPETUATING HIGHEST STANDARDS

Committed to delivering the highest standards of healthcare, Sunshine Hospitals are supported by a stringent

quality assurance program based on four core principles of focusing on the patient, systems & processes, performance measurement and teamwork. Adherence, amendment and correction in the processes of service delivery as per the requirements are ensured by rigorous monitoring and audit.

Delivering the right care at the right time in the right setting is the motto of Sunshine Hospitals and it regularly takes initiatives to educate patients and their families on the ways of receiving deserved care with the highest standards, delivered in an environment of excellence.

One of the top two high-volume centers in South Asia, Sunshine Hospitals promotes the Program for Patient Safety

and Quality, and seeks to measure patient experience through appropriate feedback mechanisms to recognize improvement opportunities. Driven by values such as safety, timeliness, communication and equitability, the teams of clinicians, surgeons and nurses are at the forefront of making patients' hospital experiences safe and hassle-free.

### REACHING OUT TO HUMANITY

With an aim to spread its reach far and wide to benefit umpteen patients longing for quality healthcare, Sunshine Hospitals have expanded to various territories. The 500+ bedded Sunshine Hospitals, Secunderabad has evolved into a multi-specialty facility with the addition of all major medical & surgical specialties and has branched out nicely into Sunshine Heart Institute; Sunshine Hospitals, Bhubaneswar; Sunshine Hospitals, Kukatpally and the recently launched Sunshine Hospitals, Gachibowli.
