

UAE EXCHANGE INDIA

EXCHANGING MONEY FOR BETTER

UAE Exchange India was established in 1999 – initially conceptualized as an idea that has now germinated its roots in the Indian Foreign Exchange market. A dream project of the UAE Exchange consortium now stands with firm footings in the Indian market, with the spirit of excellence as one of the largest financial service houses in India. Headquartered in Bangalore, the company operates through several offices in various states of the country. They primarily deal in remittances, foreign exchange, and payment solutions; instant

and digital solutions to money transaction are the key to the huge success of the company in the domestic market. The UAE Exchange in India has been a preferable source of money exchange and solutions in the country.

The company's launch in India became their largest operation outside the home base with 330 branches. They later started operations in Bangladesh, the UK, and Sri Lanka. Services like instant money transfer and online payment portal were then launched to provide a safe, efficient and an effective way of dealing with money. These

technological advancements and quality service of the company has attracted the customers for the last three and a half decades.

UAE Exchange has a large number of associates and subsidiaries, featuring in which are the New Medical Center Group, MoneyDart Global Services Inc USA, XM Software Solutions Pvt Ltd and many more. The company has a strong correspondent banking relationship with over 140 global banks that helps them to serve the customers, irrespective of the country they reside in. UAE Exchange India has been able to beat

all competition and stay on the top of the chart because of its customer centric approach. The brand believes in going out of the way for its customers and provides them with prompt services as per their financial need.

The company has a dedicated team of more than 3300 professionals, who strive to achieve excellence and keep customers happy wherever they are. UAE Exchange has been recognized with several awards for their quality service and business excellence.
