

KEWAUNEE SCIENTIFIC CORPORATION

SCIENCE FURNITURE

Creating for the creators can be nothing less than a perfect combination of mastering the needs of Researchers in scientific laboratories where scientists, engineers, & students regularly create history. Kewaunee Scientific Corporation being a recognized global leader in the design, manufacture, and installation of laboratory, healthcare, and technical furniture products provides just the right mix of providing the scientific community exactly what they need.

Kewaunee Scientific Corporation group founded in 1906 with a vision to build & provide superior line of laboratory furniture for the scientific community has come a long way & are now proud to state that they are the best in providing Turnkey laboratory solutions across the world.

Since its inception in India, Kewaunee Scientific

Corporation Pvt. Ltd has made its way to the top and within a span of 7 years changed the dynamics of the industry and became the leaders in its space and have maintained the market leadership in India for 15 years showcasing the proof of brand image the team has created in the market.

Kewaunee's driving force is the zeal to grow, innovate, maintain ethical and quality standards, adapt and cater to the changing needs of the industry makes Kewaunee stand out from the competition and spread their wings and cater to a varied clientele across different horizons.

Kewaunee Scientific Corporation India Pvt. Ltd incorporated in India in the year 2000 has been Kewaunee's most successful ventures. Divulging into the Indian market, sustaining and growing here and bagging major projects shows the commitment and quality of

work Kewaunee does. Having bagged major projects not only does showcase the strengths and ethical business practices Kewaunee has towards their clientele but also helps to push the Kewaunee sales graph upwards.

Kewaunee has won many laurels & been honored by CII for "Active Customer engagement" for the year 2016 & its VP Mr. B Sathyamurthy

was conferred with "Asia Pacific Entrepreneurship Award" in 2017.

Being an industry leader, Kewaunee has shown mature responsibility towards the environment & uses recyclable & renewable energy & resources for many projects. Its team works closely with NGOs & institutions on sustainable products to support community.
