VASAL EDUCATIONAL SOCIETY

SPREADING EMPOWERED RAYS OF EDUCATION IN ALL DIRECTIONS

Through world-class schools focusing on providing exceptionally valuable and enduring education for the holistic development of the students, Vasal Educational Society is promoting personal growth, intellectual integrity, global sensitivity, local engagement and civic values in all its schools

Through the schools, Vasal Educational Society (VES) seeks to nurture and curate young minds by facilitating experiential learning, to mentor them to become self-directed, global leaders of tomorrow. The journey began in 2006 with Cambridge International School in Dasuya and since then it has become the most preferred school in and around the region. Thereafter, GEMS Cambridge International School, Hoshiarpur was established, which has emerged as a leading school in the area in a short span of three years. In 2012, VES set up IVY World School at Jalandhar, whose high-quality infrastructure matches the world-class facilities of all the leading schools across the globe. In simple words, the Society's growth demonstrates the tremendous need for enduring and high-quality school education.

BUILDING THE FUTURE

Starting from a single school in Dasuya, Vasal Educational Group has today grown into a movement that provides quality

education through its 3 play schools and 4 senior schools. All these institutes of excellence provide thousands of parents and their children with the assurity of opportunities enough for each one blossoming into a good human being and a successful individual.

CONSTANTLY CREATING DYNAMIC ENVIRONMENTS

Constantly working on its mission of creating dynamic environments full of ample opportunities towards empowering the students with future readiness, VES is bent on creating futures where the students become responsible, thoughtful, creative and innovative to stay ahead of times. The Society continually attempts to create a curriculum that matches the times and enhances the capacities of the children to master the skills for effective learning.

Under the able leadership of Mr. Sanjeev Kumar Vasal, Vasal Educational Society and I-League Education are flourishing in varied dimensions to spread education and make a difference in the society at large. He chose his home town

of Dasuya for laying the foundation of the first school because he wanted to provide quality and affordable education to all who wished to educate their children with an international level of schooling. Who knew then, that this was only the beginning of a long odyssey? GEMS Cambridge International School, Hoshiarpur and Ivy World School, Jalandhar are the sweet fruits of his relentless efforts. His vision for disseminating quality education has kept him going forward to improve the standards of education being imparted in the region. Cambridge International School, Phagwara was taken over by him in 2016 which is a Higher Secondary School under I-League Education of the group. With new generation play schools and four very successful senior schools with 10,000 students and 500 educators, VES is tirelessly working on its mission to put its schools on the world map under the category of the most sought after schools by promoting dynamic education models and providing the students with innumerable opportunities to blossom into successful individuals in life and their chosen career paths.
