

CISCO INDIA

CONNECTING THE WORLD DIGITALLY

Launched in India in 1995, Cisco is riding on the success wave of its innovative and technologically advanced products in the fields ranging from Home Networking to IP Telephony to Network Security, and has emerged as the global leader in the field of networking

Starting as the primary innovators of the idea to use LAN for connecting computers spread across the world using a multiprotocol router system, Cisco now stands as the largest networking company.

LEADING BY INNOVATION

The unending trail of modernization continues not only with the development of top-of-the-line products in the basic fields of routing and switching, but also in technological advancement of Home and Storage Networking, IP Telephony, Optical and Network Security and Wireless LAN.

Since its establishment in India a couple of decades ago, Cisco has progressively improved upon its presence in India and has grown steadily, setting up 7 offices with the current workforce aggregating in excess of 10,000 engaged in sales, R&D and support staff. Cisco has focused not only on training and improvement of individuals but has also created an environment in which the employees blend together to form robust and result-oriented teams of incomparable quality.

A GLOBAL PROBLEM SOLVER

Since the very beginning and development of computer networking systems, malware in encrypted traffic has remained the biggest challenge for the network security. Cisco, being the pioneers in the field of digital networking, took it upon themselves and successfully resolved the riddle without affecting the privacy of individual data. With a commitment towards their motto of "connecting everything, innovating everywhere and benefitting everyone", Cisco has envisioned to impact one billion people by the year 2025.

Through its superiority in the field of digital technology, Cisco has been helping a wide range of businesses to grow and achieve outstanding results. A few of its prestigious clients include NASDAQ, Huntington Bank and Baptist Health. Cisco has also been involved in simplifying and managing IT

assets, improving the performance and efficacy of the products and helping IT work unswervingly, proficiently and securely through their world-class technical support and advanced services.

Apart from profit making and other business endeavours, Cisco India is also involved in producing a large number of benchmark-capable professionals keeping in mind the future needs and requirements of the industry, and therefore is currently training in excess of 25,000 students in its 176 networking academies in India to raise them as future professionals and the backbone of the industry.

A RESPONSIBLE CORPORATE PARTNER

Cisco has been using a certified Environmental Management System through continuous improvement in their products and conservation of natural resources, thereby working to preserve biological cycles of the earth. Cisco has also been participating in multiple economic development programs for the underprivileged across the globe.

AWARDS & ACCOLADES

The unflinching focus and tireless efforts have resulted in multiple awards and accolades for Cisco. Cisco ASR 901 router architected by the engineering team in India was awarded the NASSCOM Innovation Award.
