FUJAIRAH FREE ZONE

JEWEL OF THE MIDDLE EAST

Rightly termed as the Jewel of the Middle East, Fujairah Free Zone located in the UAE is an area with a Midas touch that can convert your business ideas or expansion plans in the UAE into a golden reality. Strategically located on the East Coast of the UAE, Fujairah is the fifth-largest Emirate of the UAE, and Fujairah Free Zone offers the perfect corridor of connectivity between the East and the West.

THE ACE – ACCESSIBILITY, CONNECTIVITY, ECONOMY

Inspired by their economically booming neighbours Dubai and Abu Dhabi, Fujairah too has come up with its own free zone located around the Jebel Ali port. Under the chairmanship of His Highness Sheikh Saif Bin Hamed Al Sharqi and their Director Sharief Habib Al Awadhi, Fujairah Free Zone provides various services and business opportunities to the investors. Blessed with a strategic location, the companies operating from the free zone have easy access to Gulf ports, India, Pakistan, Iran, and the Red Sea. Mainland services are available from as far as North America, Europe, Far East, and the Mediterranean. The proximity of the major shipping routes, an exceptional port and an international airport gives the companies the advantage to stay connected internationally via all routes.

INVESTOR'S DELIGHT

It's an entrepreneurs' delight to be working in Fujairah Free Zone because of the abysmally low economic tariffs,

minimum start-up time, licenses that can be obtained within one working day, reduced infrastructural and overhead costs, efficient and very cost-effective facilities, and opportunity for investment in various fields including in geological projects, in shipping, agriculture, and tourism.

With over 200 companies already setting up their base in the Fujairah Free Zone it is undoubtedly the eagle that is soaring high. The exponential growth they have experienced is primarily in the sectors of information technology, textiles, recycling, gold castings, heating and cooling units, plastics and perfumes, and trading & services sectors. In addition, it is 100% tax-free and also has the advantage of 100% repatriation of the foreign capital and profit. The

swiftness with which most of the official work gets done is phenomenal. There is a single-window clearance for procuring a business license in Fujairah, there is a common customer duty facility for both the seaport and airport and there are no recruitment restrictions for the nationality of the people you hire to work for you.

There is the unique advantage of setting up a virtual office with a minimum annual capital requirement and refundable security deposited which means you can

run your office from Fujairah Free Zone without being physically present there. The easy availability of infrastructure and real estate, land facility, and warehouses to run your business makes it a hot spot to start your office from there.

The type of licenses you can apply for working from Fujairah are Trading License, General Trading, Professional/Service license, Industrial License, and National Industrial License. These licenses allow you to engage in various business activities in the Free Zone Area which include import, export, manufacturing, assembling, packing, distribution, consolidation, storage, processing, and international business consultancy.

In today's times of cutthroat business, any atmosphere being showered with so many conveniences to set up a business is a boon in disguise. Fujairah Free Zone holds the future of business in the UAE.
