

EMERGING

Established in 1976 by Dr A F Pinto, Chairman and Dr Grade Pinto, Managing Director, the Ryan International Group has significantly expanded its footprint over 45 years, maintaining a focus on quality education, excellence, and future-oriented development. With a presence in more than 40 cities and 150 schools, and a faculty of over 16,000 teachers, the group has impacted lacs of students till date. It remains dedicated to cultivating excellence in education across the nation.

Ryan Group of Institutions attributes its success to its highly skilled educators who contribute their diverse talents and impressive qualifications to create a dynamic student-centred learning environment. Their blend of talent and enthusiasm for teaching creates a healthy atmosphere that facilitates exceptional learning experience. In a digital age dominated by screens, these 21st century educators know how to kindle a love for learning in students through the magic of books. Their enthusiasm and expertise shine through in every classroom, driving

engagement, critical thinking, and a thirst for knowledge that goes beyond mere academics. Furthermore, with outstanding credentials in their respective fields, the well-qualified staff adheres to the institution's vision and commitments.

PROMOTES VALUE-BASED LEARNING

Ryan Group of Institutions is dedicated to shaping 21st-century learners by embracing a comprehensive 12-point vision and the KASSM (knowledge, attitude, skills, social and moral values) approach. This innovative pedagogy

RYAN GROUP OF INSTITUTIONS

SHAPING MINDS, BUILDING FUTURES

The Ryan Group of Institutions, with over 45 years of excellence in education, is India's leading network of state-of-the-art co-educational day schools. Its journey has not only impacted the educational sphere within India, but also extended its influence across borders, fostering international connections and collaborative endeavours. The group adopts a holistic approach to mould future-ready students through a harmonious blend of scholastic and co-scholastic activities. By integrating time-tested learning theories with inventive techniques and initiatives, it strikes a balance between consistency and diversity in teaching practices

creates a nurturing teaching and learning environment where students thrive under the guidance of inspiring educators. The institution also recognises the importance of 21st-century skills and instils them in students from an early age.

HOLISTIC APPROACH TO LEARNING

The schools under the Ryan Group of Institutions offer a diverse curriculum that caters to various educational boards, including the CBSE, ICSE/ISE, GSEB, SSC-HSC, IGCSE (A & O Level), and International Baccalaureate (IB) - Primary Years Programme (PYP). The group's commitment to holistic learning encompasses not only academic excellence, but also character-building. Its educational approach centres around activity-based, collaborative, and experiential learning, empowering students to reach their full potential.

To foster confidence, curiosity, and creativity in each child, the group actively encourages its students to cultivate intellectual, social, and emotional skills that are essential for their holistic development. Over the years, the Ryan Group has made every effort to pioneer activities that create opportunities for holistic development. These events have also paved the way for several others to follow by integrating them in their curriculum.

Ryan Group was the first in the country to host the International Children's Festival and Indian Model United Nations (INMUN). The Group hosted the prestigious World Scholar's Cup with record-breaking participation. International Cultural Exchange programs are arranged with institutions based in the US, Italy, Switzerland, Australia, Germany, and the UK. The

Group has collaborated with the PennHub to provide higher education opportunities for the students. Ryan International Schools provide Media Studies through their well equipped in house studios and give opportunities for studies to excel in sports. The group envisions nurturing a million young minds in India into neoteric innovators. In alignment with this goal, the Atal Innovation Mission has been actively establishing Atal Tinkering Laboratories (ATLs) within schools nationwide.

ADHERES TO INTERNATIONAL SAFETY STANDARDS

Ryan Group of Institutions also prioritises learners' health and safety as an integral aspect of its school culture. Considering the substantial time children invest in their educational institutions, the school strives to offer a wholesome and secure learning environment for their well-rounded development. Aligned with international safety and child protection benchmarks, these schools foster a nurturing, empathetic, and sheltered learning space where each student can thrive.

GIVING BACK TO SOCIETY

The schools drive positive societal transformation through projects focused on compassion, environment, education, healthcare, economic empowerment, and local leadership development. The group is the first one in India to integrate comprehensive environmental conservation education within its curriculum.

The Atal Tinkering Lab at Ryan International School, Greater Noida, achieved a remarkable feat by securing a place in the Limca Book of Records for successfully gathered a substantial 245 kilograms of e-waste. These efforts underscore the group's unwavering commitment to both education and sustainability.

GARNERING ACCOLADES

The Ryan Group of Institutions has earned several prestigious accolades such as 'Most Respected Education Brand Award 2023 by Mid-day Newspaper', 'Best Education Brand in 2023' by The Economic Times, Times Education Icons Awards and "Best School Chain of the Year Award 2023" by ZEE Media among others. The group was also honoured Guinness Book of World Records for highest Charity Donation by one its schools.
