

# HOSAF GROUP

THE PINNACLE OF BRILLIANCE

*Hosaf Group is one of the biggest and most rapidly expanding businesses in Bangladesh's private manufacturing and service sectors, with over five facilities. Under the direction of its founding chairman, Mr. Moazzam Hossain, it became a pioneer business group contributing to Bangladesh's transformation*

Energyprema Limited, which ensures that its clients have uninterrupted power through making optimal use of money, machinery, and human resources; HF Power Limited, a subsidiary of Energyprema Limited that was formed as a Public Limited Company to establish a power plant and deliver electricity on rent or as an independent power producer in Bangladesh; Hosaf Meter Industry Limited, one of Bangladesh's foremost manufacturers of electric energy meters; Hosaf Proficient Energy Limited, a solar energy solutions company that distributes clean energy and affordable energy-efficient goods with little maintenance requirements; Citilink Apartment Limited, and Hosaf International Limited.

The Group also owns shares of many enterprises such as National Bank Limited, Pragati Insurance Limited, and Pragati Life Insurance Limited.

**H**aving been active in the Bangladeshi private sector since 1974, Hosaf Group is one of the fastest-growing businesses. To grow the business into a prestigious commercial organisation, the Group has solidified its position as one of the top commercial organisations in the country with a sizable turnover, more than 800 employees, and years of steady hard work. The collective contribution enabled the company to see a significant improvement in its success graph.

Hosaf Group's success has been attributed mainly to a devoted staff, the board of directors led by Chairman Mr. Moazzam Hossain, and supported by a corporate strategy focused on the market. The firm has consistently sought opportunities to think up fresh concepts for its international and domestic operations. It has investments in industries such as power and energy, finance, electric meters, LED lighting, the hospitality sector, and real estate.

## EXPLORING NEW AREAS

Hosaf Group made a courageous effort into deep-sea fishing industry in the mid-1970s. The industry was still untapped at that time.

It also pioneered selling used automobiles in Bangladesh and later entered the clothing industry. During the 1980s, the organisation worked with Chinese partners to help the Bangladesh government with coal mining and establishing a coal-based power station.

Today, the firm is working to make the Prime Minister's plan to create homes for homeless individuals and families by 2025 a reality. The corporation is always looking for fresh business ideas and alliances, especially with businesses from the United States, Europe, and Asia that may introduce new technology and insights.

## A VAST EMPIRE

The Hosaf Group has grown and acquired many companies. The numerous subsidiaries of the company include

## SERVICE TO THE COMMUNITY

Hosaf Group is committed to use its wealth to help the Bangladeshi community grow and improve. Over the years, it has consistently received steadfast support. Its charitable initiatives and pledges further solidify its ties with the country and its people. With the same caliber of excellence and dedication displayed in its daily activities, the corporation has played a significant role in carrying out its social obligations.

In the past, it visited less affluent villages to recruit young people with strong academic credentials and assist many youngsters in becoming professionals. The Bokter Munshi Moazzam Hossain High School in Shonagazi, Feni – built by the Hosaf Group – has a competent headmaster, well-trained teachers, and over 900 students. Another school built by the firm is the Bhor Bazar Belayet Hossain High School. The Hosaf Group provides these schools with all necessary financial and logistical support and gives yearly scholarships to worthy students.
